

1. Background

Figure 18 presents domestic (blue), export (red), and import (pattern-gray) commodity movements measured in short tons (millions). Domestic commodities include crude petroleum (~27M), manufactured products NEC (~11M), empty containers (~9M), kerosene (~3M), and distillate fuel oil (~2M). Exports include distillate fuel oil (~4M), crude petroleum (~1M), fish (~1M), iron & steel scrap (<1M), and pulp & waste paper (<1M). Imports include kerosene (~3.5M), gasoline (~3.5M), crude petroleum (~3M), distillate fuel oil (~3M), and coal & lignite (~1M).

PASS

2. Text Contrast

Dark-gray labels on a white background meet WCAG AA contrast levels. Contrast Scores: Computed WCAG Contrast Ratios (Figure 18): • Blue vs White: 3.78 • Blue vs Black: 5.56 • Red vs White: 5.19 • Red vs Black: 4.04 • Gray vs White: 2.07 • Gray vs Black: 10.13 Note: Gray-white contrast is below AAA, but applies only to *bar fill*, not text, and therefore does not violate ADA text contrast rules.

PASS

3. Graphic (Slice) Contrast

Blue, red, and patterned gray bars are visually distinct. Patterning ensures imports remain separable even in low-contrast viewing environments.

PASS

4. Color-Blind Safety

Red-green and blue-yellow simulations show all three encodings remain distinguishable. Patterned imports satisfy non-color redundancy standards.

PASS

5. OCR / Text Size

All text labels are sized appropriately for OCR extraction. No bar overlaps interfere with machine readability. Angled commodity labels remain readable.

PASS

6. Blur & DPI

Hatch patterns and bar edges appear sharp. For congressional archiving, a 300-DPI master export is recommended to prevent fine-pattern distortion.

7. Alt Text Recommendation

“ Bar chart titled ‘ Short Tons in Millions for Domestic, Export, and Import Commodities. ’ Domestic commodities: crude petroleum (~27M), manufactured products NEC (~11M), empty containers (~9M), kerosene (~3M), distillate fuel oil (~2M). Exports: distillate fuel oil (~4M), crude petroleum (~1M), fish (~1M), iron & steel scrap (<1M), pulp & waste paper (<1M). Imports: kerosene (~3.5M), gasoline (~3.5M), crude petroleum (~3M), distillate fuel oil (~3M), and coal & lignite (~1M). Colors: blue for domestic, red for exports, patterned gray for imports. ”
